Principle of non-discrimination

The Encavis Group is committed to upholding the principle of non-discrimination. This means that no person may be disadvantaged, hindered or harassed on the basis of gender, race, ethnic origin, religion, sexual orientation, disability, age or other protected characteristics.

Measures to prevent discrimination

We implement the following measures to prevent discrimination and promote an inclusive working environment:

1. Awareness and training: We provide training and awareness activities for all employees to raise awareness of discrimination and promote behaviour that prevents discrimination.
2. Reporting system: We have established a reporting system through which employees can report cases of discrimination or harassment. These reports are treated confidentially.
3. Investigation and action: All reported cases of discrimination are carefully investigated. If discrimination is found, appropriate measures are taken to clarify the situation and prevent it from recurring in the future.
4. Equal opportunities: We promote equal opportunities in all areas, including recruitment, promotion and career development. All decisions are made on the basis of qualifications and performance, without regard to protected characteristics.
